## Tecumseh Community Park Shelter

Our 19 month journey to replace the aging shelter at Tecumseh Community Park has reached fruition. A brand new, first class facility stands ready to serve the community by providing a beautiful place to gather, to celebrate and to enjoy.

Fundraising for the new shelter began June 1, 2015. On March 25, 2017 we will be dedicating the Tecumseh Community Park Shelter with an open house and free lunch for the hundreds of people who made the new shelter a reality.

The Tecumseh Community Park Shelter is a prime example of what can happen when an idea is embraced and nurtured, by a forward thinking community. Congratulations to everyone involved.

## Park Updates

The new Tecumseh Park caretaker, Danny Desch, on the job since March 1, is already clearing the fence line, handling some of the watering duties, and taking reservations for the new Shelter. Danny tells me that weekends are filling up fast. Be sure to say hello to Danny when you see him at the park. Look for his small white truck.

The Tecumseh Township is giving the outside bathrooms a face lift. New windows will be installed, bathroom fixtures will be updated and the exterior will be refreshed.

Carving artists Vicki and Pat Langton, Rustic Creations, are working on a new tree sculpture near the playground. There will be an eagle, owl, and various other flora and fauna. This sculpture is in process and looks amazing. Vicki and Pat also carved Chief Tecumseh, located at the entry to the park.
