WANTED — the newsletter editor cannot be at all the volunteer activities in which the group members participate. Anyone with a digital camera who takes part in an activity —please take pictures and send them to me. Greatly appreciate it. Besides, need photos for next years slide show. But watch out, I'm learning to morph.

Topics for discussion — refurbishing the picnic table, plantings, and adopt a child or buy special items for the Alpha Christian Home.

For those of you who might have missed it, the Kansas Kiwanian had a great article about the Oregon Trail Triangle Park Dedication written by Don Wimpleberg. Some additional information is that the Tecumseh Post Office received requests for the special pictorial cancellation from 25 of the 50 states, and 4 from out of the country. This project will be hard to top!
